

Severson Sheldon is committed to excellence. Our attorneys provide high-quality legal representation to both businesses and individuals in the Twin Cities Metropolitan Area. We offer a broad range of legal services, and we provide value to our clients through individual attention and reasonable hourly rates. Whether preparing for trial, drafting an estate plan, or negotiating a deal, we make our clients' concerns, our concerns.

ABOUT SEVERSON SHELDON

With 21 attorneys and a 14-member full-time support staff, Severson, Sheldon, Dougherty & Molenda, P.A. is a full service law firm with experience in a wide variety of practice areas and industries.

At Severson Sheldon, our legal services are carefully tailored to fit the individual needs of our clients. Whether providing legal counsel on complex litigation, real estate or estate planning matters or offering day-to-day advice on contract issues or consumer questions, our attorneys are goal-oriented, and we understand that clients trust us to provide clear-cut advice and aggressive advocacy.

Through a culture of open communication and value-oriented legal services, we have developed many long-lasting relationships with our clients, many of whom return to us year after year. As we continue to grow, we are committed to maintaining the small-firm culture our clients appreciate. In that regard, we are continually examining new ways to provide more individual attention to our clients. We recognize that not all clients are the same, but we also understand that, whether a large bank or an individual homeowner, our clients appreciate it when we do the little things, like responding to client voicemails the same day we receive them. It's one of our commitments, and it's just one reflection of the firm culture that we believe sets us apart. Whatever the practice area or project, our attorneys work to create an innovative and collegial atmosphere with clients, and an environment in which the ethical practice of law and the strength of the attorney-client relationship are of primary importance.
